

HREU HOMEWORK

LESSON 0

INTRO TO TECH

1. Go to <http://getfirefox.com>
(click link).
2. Download firefox & follow the directions.
3. Install Firefox.
4. Go to your first lesson.

RECOMMENDED:

Get A Notebook to track all passwords, & organize assignments & commitments. Staying Organized is important.

Note: Most everything will also work in Internet Explorer as well, and we know that a lot of MLS systems ONLY work In IE. We use firefox because the students have Macs, PCs & even Linux, and Firefox works on (almost) every computer platform.
